

PUBLIC LEDGER

EXCEPT SUNDAY, JULY FOURTH, THANKSGIVING AND CHRISTMAS.

Frankfort, Ky., June 17, 1860.

Public Ledger Building, No. 200 Main Street, Frankfort, Ky.

SUBSCRIPTIONS—IN ADVANCE.
One Year, \$5.00
Six Months, \$3.00
Three Months, \$1.50
Per Month, \$5.00
DELIVERED BY CARRIER.
Payable to Collector at end of Month.

KENTUCKY REPUBLICAN PLATFORM.

Adopted By the State Convention at Louisville, Thursday, May 17, 1860.

Important as are these questions of National policy, the Republican party in Kentucky is compelled to subordinate them to the equally important and solemn duty of restoring the right of suffrage to the people of this Commonwealth, and to the undivided effort of its membership to the single and unanimous support of the cause which invites the co-operation and support of the right-thinking and liberty-loving citizens.

We demand the unconditional repeal of all the existing election law, under which the people of Kentucky and their entire estates have been denied the right to vote and whole counties have been deliberately disfranchised. We demand that certificates of election have been issued to men defeated at the polls, and as a distinct recognition of the fact that the power of the state has become involved in hopeless confusion and chaos. We demand that the right to vote in place of this revolutionary statute of an election law shall absolutely, securely, to every man, be the right of suffrage, and that shall guarantee the restoration and permanence of government.

We denounce the course of the Democratic majority in the last General Assembly, and the entire series of actions in defiance of right and the Constitution, down to the final action by which they have rejected the bill of Taylor and Lieutenant-Governor Marshall of the high office which they had.

We indorse without reserve the resolute and patriotic course of Governor Wood, and the course of the state, and the power at his command the usurpation of the office to which the people have elected him, and the entire course of failing support in the prosecution of his course until the Supreme Court of the United States shall have decided the great question whether the government of the United States is to make good its guarantee of the right of suffrage to every state in the Union. The more we are emphatic in our indorsement of the course of Governor John Marshall and all of the other Republican state officers who have joined and are joining him in the preservation of government.

We thank the independent men of Kentucky, who, regardless of former party affiliations, have united with us in the cause of freedom, and in the cause of civil liberty, popular sovereignty and an untrammeled ballot, and ask that by our united effort civil and political liberty will be restored and thereafter the right of suffrage to all men who close at the polls shall be obeyed.

We fully indorse the positions taken and the course of action of Senator Crittenden, Senator Deacon and Congressmen Pugh and Borring, covering a portion of the platform of the convention, and the measures arising therefrom. We make public recognition of the faithful, diligent and upright service of Governor Bradley and his legal conferences in State and Federal Courts in the defense of the people's political rights and the privilege of being served by officials elected by our votes. We thank Governor Bradley to allow the Republicans of Kentucky to present his name at the convention, and to give his hearty endorsement for the high position of Vice-President of the United States.

The Goebel Law is the most fitting monument that Gorbet could have.

Governor Mount, we salute you!

What now becomes of the contention that a Republican Court always decides a political case in favor of the Republicans?

If a Goebel paper can't put out a ten-word telegram without a falsehood sandwiched in it, what may be expected in a half-column article?

Western packers paid \$1.80 per 100 pounds for hams in 1860. But they paid \$6.20 in 1859. The farmers got the increase. Do they want to go back to Democratic prices?

The Dover Messenger has entered upon its fourth year, and Editor CURRAN is shaking hands with himself over a successful past and the prospect of a still more successful future.

Two years of the Cleveland Administration, 1859-60, we exported \$151,189,002 more gold than we imported. In two years of the McKinley Administration we imported \$141,703,300 more gold than we exported. The difference to the country in the two periods was \$292,902,401 in favor of McKinley. This doesn't include his billion dollar favorable trade balance.

The Bulletin was the first to announce the decision of the Court of Appeals in the Beckham-Taylor case, and "with its accustomed enterprise" it was the first to announce the decision of the Supreme Court Monday. Evening Bulletin.

And, with its accustomed enterprise, it got it wrong, for it said the opinion was "unanimous" when it wasn't. In the meantime, it is well to remember that THE LEDGER's splendid telegraphic news service is strictly non-partisan, and that it is uniformly reliable.

THE USUALLY correct Times-Star fell into the error of calling Justice HARLAN a Democrat.

WILLIAM J. BRYAN leads the popular ticket as its candidate for the Presidency on a platform that "reaffirms the demand for the reopening of the Mints of the United States to the free and unlimited coinage of silver and gold at the present legal ratio of 16 to 1."

AT considerable extra expense THE LEDGER furnished the public, free of cost, with a pretty full, and an absolutely accurate, report of the Supreme Court decision three hours in advance of the Cincinnati papers. If you want news that may be depended upon, this is the place to get it.

THE Goebel-Campbell newspapers are laying so much stress on the fact that somebody had predicted the killing of GOEBEL, it may not be amiss to reproduce a statement made by Captain JIM WILLIAMS concerning the purpose of the Goebel managers of the Music Hall Convention in case Major P. P. JOHNSTON, in passing upon the right of various delegations to vote, had predicted the Goebel combine of the power to elect a temporary Chairman of that Convention. Here is Captain Williams' statement, as reported by THE LEDGER:

"It was a foregone conclusion that GOEBEL would win in the Convention. We had two hundred men placed in the hall to see REDWINE, even though Major JOHNSTON had declared SWEEZY, the elected Chairman, *therefore tell them they must kill JOHNSTON if they had to do so in order to seat REDWINE."*

Rheumatism is conceded to have its origin in a poisoned condition of the blood, and is often accompanied by the action of Herbe, which acts upon the liver, kidneys and other blood purifying organs, and is a powerful remedy for the following affections. Price, 50 cents. J. Jas. Wood & Son, Cincinnati.

The shooting tournament between Ohio-Kentucky marksmen, scheduled to occur Saturday at Louisville, was declared off by the Ohio men failing to keep the engagement.

Science has found that rheumatism is caused by uric acid in the blood. No rheumatism with healthy kidneys, J. Jas. Wood & Son and Armstrong & Co.

Mr. Harry Weisinger of Louisville has been selected to make the address on the occasion of the presentation of the silver service to the battleship Kentucky. The date fixed is June 6th.

Fishes are not only most painful, but also most dangerous. They are very apt to make on malignant affections, and should be avoided at all costs. They should be cured. J. Jas. Wood & Son will cure them.
